

# GW-55B

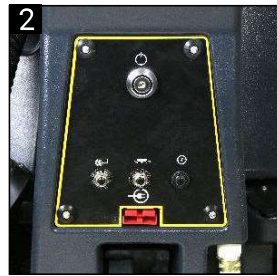

## WALK BEHIND FLOOR SCRUBBER

### Advantage

- ECO system, running time up to 5 hours.
- The silent design allows the machine to work unrestricted in all time periods.
- Front and rear self-propelled drive system.
- Intelligent water volume sensing system to protect the brush plate and water absorption system.
- Easy maintenance design, easy maintenance of the battery and water tank, tool-free replacement of the brush plate and water-absorbing tape.

### Features

### Technical parameters

Washing width	500mm	Clean water tank	65L
Suction width	800mm	Sewage tank	60L
Number of brushes	1*480mm	Work efficiency	2000m <sup>2</sup> /h
Brush motor	1*24v/500W	Maximum forward speed	4KM/h
Water suction motor	24V/500W	Weight(NW/GW)	154kg/203kg
Traction horsepower	24V/300W	Packing size	134*63*120cm
